55.78 ACRES, SPANISH SPRINGS, NV

Views, Views, Views!!! You will be very hard pressed to find a property with a better view than this. With Mt Rose as the ultimate backdrop enjoy a view of the rolling hills, spectacular sunsets, twinkling lights of the city at night and fireworks on the 4th of July all from the comfort of your wrap around porch. This property offers over 55 acres of outdoor pleasure for horses, hiking, quads, dirt bikes or to even camp on your own property. With the variety of topography the only thing that is missing is your imagination. This single story home features a vaulted ceiling in the family room. Although it is listed as a 4 bedroom, the 4th bedroom might be better utilized as an office. This property is located in a lovely “valley” of higher end homes with a surprisingly convenient location.
